

Solar Energy South Africa

30mw photovoltaic energy storage solution

Overview

SSE Energy Solutions provides local energy infrastructure solutions to decarbonise your organisation along with clean, renewable energy for your business. With our whole system approach we lead the way in developing the low-carbon assets and infrastructure required for the UK to reach its target of net zero.

As the UK and Ireland's national clean energy champion, we're investing £12.5bn by 2026 – 65% uplift on previous plan – putting us on track to invest £25bn this decade. This equates to.

SSE has committed to generating 1000 jobs a year to 2025 We're a real Living Wage and Fair Tax Mark accredited company and currently employ 10,000 people across the UK and.
