# 405 How much does a single crystal photovoltaic panel cost

## Overview

---

Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 – £1,500 whereas polycrystalline solar panels cost about £900 per kW. How efficient are monocrystalline solar panels?

The newest monocrystalline solar panels can have an efficiency rating of more than 20%. Additionally, monocrystalline solar cells are the most space-efficient form of silicon solar cell. In fact, they take up the least space of any solar panel technology that is currently on the market.

How much does a solar panel cost per kilowatt?

Exactly how much a solar panel costs per kilowatt depends on the type of solar panel you are talking about. Monocrystalline solar panels are the most expensive, and their cost per kW is somewhere around £1,000 – £1,500 whereas polycrystalline solar panels cost about £900 per kW.

How much does a 3.5 kWp solar panel system cost?

A 3.5 kWp solar panel system would typically require around 10 solar panels (at 350 W each) and cost between £5,000 and £10,000. \*kWp stands for 'kilowatt peak'. This is the amount of power that a solar panel or array will produce per hour in prime conditions.

How much does a solar panel cost in the UK?

The average cost of a solar panel in the UK based on a 350-watt panel is currently between £500 and £800. However, please bear in mind that this is the price for a single solar panel and does not include the professional installation or any other extras e.g. pigeon proofing. With that said, let's explore some common solar installation scenarios.

What is included in a complete solar panel installation?

Please bear in mind that a complete solar panel installation does not simply include the costs of the solar panels themselves, but also includes the

following: Solar panel brackets. Solar panel inverter. Solar panel brackets. Installation i.e. labour costs of the installer. Cost of the solar battery storage system (although this is optional).

How much do Ovo solar panels cost?

Ovo 's solar packages start from £4,999 for 4 panels with 0% financing options available. If you want a battery too, packages start from £7,499. If you buy solar panels and a battery from Ovo, and Ovo supplies your energy, you'll be eligible for their exclusive anytime SEG rate of 20p/kWh.
