

## Solar Energy South Africa

# About solar panel system Turks and Caicos Islands

## Overview

---

How many rooftop solar PV systems will be installed in Turks & Caicos?

The contract outlines the installation of five rooftop solar PV systems, with battery energy storage and accessories at the following critical public facilities: These rooftop solar PV systems are specially designed for resilience to withstand fierce climatic conditions in the Turks and Caicos Islands.

Where can solar power be installed in Turks & Caicos?

Solar-derived power is increasing in popularity, with many private installations visible throughout the country, especially on new Turks and Caicos villa projects. Several local companies specialize in both supply and installation of alternative energy systems. The FortisTCl electricity plant on Providenciales.

Can Turks and Caicos use solar power?

The Turks and Caicos Government and Fortis TCl are currently reviewing the electricity legislation to enable Turks and Caicos residents to use the solar power they produce to offset their power consumption (rather than sell everything back to Fortis at their pre-agreed rate).

Who produces electricity in Turks & Caicos?

In the Turks and Caicos , all public electricity generation is run by Fortis TCl, a vertically integrated company that provides both power generation and distribution.

What is transforming to green energy in the Turks and Caicos Islands?

The “Transitioning towards Green Energy in the Turks and Caicos Islands” project falls within the development activities of the RESEMBID programme, which is 47-project programme funded by the European Union and implemented by Expertise France - the development cooperation agency of the Government of France.

Who owns the electricity in South Caicos?

Separately, Atlantic Equipment and Power (AEP) acquired an exclusive license for South Caicos which is due to expire in 2036. For the Turks Islands of Grand Turk and Salt Cay, electricity generation was run by Turks and Caicos Utilities (TCU), a government-owned entity.
