Anti-dumping of photovoltaic panels

Overview

Why did the EU impose anti-dumping duties on Chinese solar panels?

On 2 December 2013, the Council imposed anti-dumping duties in respect of imports of solar panels and key components originating in and consigned from China.¹ An investigation carried out by the Commission in 2012 and 2013 had revealed that Chinese solar panels were being sold in Europe at well below their normal market value.

What is the anti-dumping duty imposed on crystalline silicon photovoltaic modules?

Council Implementing Regulation (EU) No 1238/2013 of 2 December 2013 imposing a definitive anti-dumping duty and collecting definitively the provisional duty imposed on imports of crystalline silicon photovoltaic modules and key components (i.e. cells) originating in or consigned from the People's Republic of China (OJ 2013 L 325, p. 1).

Is China dumping solar panels?

A preliminary assessment from the U.S., which imported more than \$3 billion in solar cells and panels from China last year, said China was dumping the products on the U.S. market at margins ranging from 31 percent to 250 percent, and levied temporary tariffs to counteract the distortion.

How long will solar panels anti-dumping and anti-subsidy measures last?

The Commission reached its definitive conclusions on the solar panels anti-dumping and anti-subsidy investigations and, after consulting Member States, made a proposal to the Council to impose definitive anti-dumping and anti-subsidy measures for a period of two years.

Does China impose a countervailing duty on crystalline silicon photovoltaic modules?

Council Implementing Regulation (EU) No 1239/2013 of 2 December 2013

imposing a definitive countervailing duty on imports of crystalline silicon photovoltaic modules and key components (i.e. cells) originating in or consigned from the People's Republic of China (OJ 2013 L 325, p. 66).

What anti-dumping complaints has the European Commission received?

In terms of import value affected, this is the most significant anti-dumping complaint the European Commission has received so far: in 2011, China exported solar panels and their key components worth around €21 billion to the EU.

Anti-dumping of photovoltaic panels

The General Court confirms the validity of anti-dumping and anti

capacity to convert solar energy to electricity, particularly since cells and modules are intended to be installed in photovoltaic systems. 1 Council Implementing Regulation the anti-dumping ...

Anti-dumping measures on imports of solar photovoltaic modules and panels

In 2024, the Turkish authorities implemented anti-dumping measures on solar module and panel imports from Vietnam, Malaysia, Thailand, Croatia and Jordan . Want to know more about this ...

Smarter European Union industrial policy for solar ...

In 2011, Solarworld (a major German manufacturer) and Prosun (at the time, the representative organisation of European solar-panel manufacturers), petitioned the European Commission for anti-dumping and ...

India Disclosed the Final Ruling on Anti-Dumping ...

PVTIME - On March 16, 2022, the Indian Investigative Agency issued a final ruling

document of an anti-dumping investigation concerning imports of Fluoro Backsheet originating in or exported from Chinese companies to Cybrid ...

Commerce Finds Dumping of Imports of Certain Crystalline Silicon

respondent Changzhou Trina Solar Energy Co., Ltd., which includes Trina Solar (Changzhou) Science & Technology Co., Ltd. Mandatory respondent Wuxi Suntech Power Co., Ltd. and five ...

US Producers File Antidumping and Countervailing Duty Petition ...

Petition for the Imposition of Antidumping and Countervailing Duties Pursuant to Sections 701 and 731 of the Tariff Act of 1930, As Amended, on Imports of Crystalline Silicon Photovoltaic Cells, ...

Turkey initiates an anti-circumvention investigation of anti-dumping

On November 25, 2023, the Directorate General of Imports (DGI) of the Turkish Ministry of Commerce initiated an anti-circumvention investigation of anti-dumping measures applied to ...
