Harrison Poultry Project , Knobelsdorff Enterprises

Harrison Poultry produces roughly 315,000,000 live pounds of chicken per year. KE worked with the poultry producer on a new build for a feed mill facility in Bethlehem, GA. In the past, Harrison had worked with a local supplier, but this job was beyond their capabilities. As a result, Harrison Poultry reached out to Knobelsdorff.

Altus Power Community Solar EPC Project

Knobelsdorff performed the engineering, procurement and construction (EPC) on the project entirely in-house. The Solution. The project proved to be challenging, primarily because of the schedule, which required most construction over the winter months. Heavy rainfall impeded pile driving and digging thousands of feet of trenches for underground

Knobelsdorff Named Construction Company of The Year

Karl von Knobelsdorff CEO/President, Knobelsdorff Enterprises speaking at the Frontenac Community Solar Garden, MN. On behalf of Karl and everyone at Knobelsdorff Enterprises, we'd like to say thank you to Adam for his words and ongoing support, and the ABC Minnesota/North Dakota Chapter for naming us the Construction Company of the Year for

Industrial Automation and Programming Standards -- What You ...

Automation can bring plenty of value to a facility and make it more competitive in its market, but that's only if it's done right. You don't have to look too hard to find a story about a facility investing in a new automation program without seeing the returns they expected.

Company Turns Abandoned Sand Pit Into a Solar Garden

"This site was an old quarry," said Karl von Knobelsdorff, owner of Knobelsdorff Enterprises from Goodhue. "It is a good use of the land. You don't like to see a solar garden go onto nice farmland." According to von Knobelsdorff, whose company is constructing the Frontenac Solar Garden, most solar gardens in Minnesota are being built on poor
