

Solar Energy South Africa

Atess bess Curaçao

Overview

Who is putting a Bess order in Curacao?

The order was placed by Aqualectra, Curacao's government owned utilities company, and will be booked by Wärtsilä in Q2, 2024. The BESS and the GEMS Digital Energy Platform will provide grid stability and reliability, reduce unserved energy and help mitigate the risk of brownouts and blackouts.

Will Wärtsilä supply the Caribbean island of Curaçao with a battery energy storage system?

WILLEMSTAD, Curaçao, May 20, 2024 (GLOBE NEWSWIRE) -- Technology group Wärtsilä will supply the Caribbean island of Curaçao with a 25 MW / 25 MWh Battery Energy Storage System (BESS).

What is the Bess & gems Digital Energy Platform?

The BESS and the GEMS Digital Energy Platform will provide grid stability and reliability, reduce unserved energy and help mitigate the risk of brownouts and blackouts. In addition, the BESS system will allow Aqualectra to expand their renewables' vision thus allowing more renewable generation in the power system.

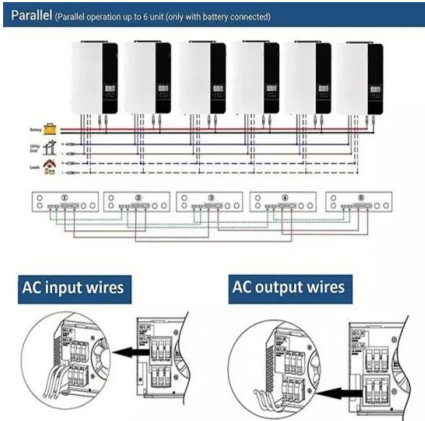

What will Aqualectra's Bess system do?

In addition, the BESS system will allow Aqualectra to expand their renewables' vision thus allowing more renewable generation in the power system. The BESS system will also help smooth the intermittency of renewables.

Why did Wärtsilä order Bess and gems?

The order with Wärtsilä follows a detailed modelling of the power system to determine the best way forward. "The BESS and GEMS provide the reserves needed to improve asset loading, and therefore efficiency, availability of energy, grid stability and reliability.

Atess bess Curaçao

Atess Power lanza una nueva serie de contenedores BESS

Atess Power ha desarrollado una nueva serie de contenedores para sistemas de almacenamiento de energía en baterías (BESS). El fabricante chino ofrece contenedores de 20 HC y 40 HC, así como contenedores sólo de baterías con capacidades de almacenamiento de hasta 3.440 kWh.
