Australia tbb renewable xiamen co ltd

Overview

Who is TBB renewable?

Founded in 2007 with a location in Xiamen city, TBB Renewable is a complete power solution provider, focusing on backup power solutions, off-grid solutions, off/on-grid ESS solutions, and hybrid ESS Solutions. TBB presented a comprehensive range of solutions tailored to meet the diverse needs of residential and C&I customers.

Who is TBB power?

Operating as a subsidiary of TBB Renewable (Xiamen) Co., Ltd., TBB Power Pty Ltd is a complete power solution provider, focusing on off-grid solutions, off/on-grid ESS solutions, and hybrid ESS Solutions. TBB presented a comprehensive range of solutions tailored to meet the diverse needs of residential and C&I customers.

Why should you choose TBB Power Pty Ltd?

TBB Power Pty Ltd also provides comprehensive service to its customers in order to achieve optimal satisfaction. As a national recognized high-tech enterprise, TBB Renewable designs and manufactures its products at its own industrial park, supported by a strong R&D team (30% of the total employees) and 5 labs.

What is a TBB backup power solution?

The TBB backup power solution (2kVA~72kVA) is ideal for homes and small businesses with unstable grid power to secure uninterrupted power supply during outages. It offers reliable backup power by utilizing both grid and solar energy for battery charging, including basic backup and advanced backup with ESS functions.

Why should you choose TBB renewable?

TBB Renewable provides comprehensive service and support to you to help

you grow and achieve optimal satisfaction. In collaboration with our partners and customers, we are helping people turn to a self-sufficient, decentralized and renewable energy supply.
