Awesome energy Suriname

Overview

Does Suriname have a strong oil & gas sector?

Suriname's oil and gas sector is taking off at a dynamic time for the global energy industry, with a worldwide energy transition and wars in Ukraine and the Middle East hampering supply. With TotalEnergies sanctioning a USD 9-billion offshore project, the country's policymakers are planning sustainable gains from a volatile sector.

Who is responsible for energy projects in Suriname?

The Ministry of Natural Resources is responsible for the government's energy programs and initiatives. Suriname's permitting process is detailed in a report by the Inter-American Development Bank, ESIA (Environmental and Social Impact Assessment for Energy Infrastructure Projects).

Who is the National Electricity Company of Suriname?

Suriname's national electrical company EBS (NV Energie Bedrijven Suriname) is focused on improving reliability and sustainability of electricity. Staatsolie is the national oil company of Suriname. The company celebrated their 40 year anniversary in December 2020 at which time it employed more than 1000 persons.

How much oil does Suriname produce?

A CHANGING ENERGY INDUSTRY: As of today, Suriname's oil production is dominated by state-owned Staatsolie's onshore developments. The company currently produces 17,000 bopd, CEO Annand Jagesar told The Energy Year in a recent interview.

How much electricity does Suriname generate?

As of 2020, Suriname's installed electricity capacity was 501 MW, with fossil fuels accounting for nearly 62% and renewables (mostly hydro power) making up the remainder. In 2020, Suriname generated 2.4 TWh of electricity. As of

2018, the peak electrical demand was 215.4 MW and 97% of the population had access to electricity.

What is Suriname's Electricity permitting process?

Suriname's permitting process is detailed in a report by the Inter-American Development Bank, ESIA (Environmental and Social Impact Assessment for Energy Infrastructure Projects). Suriname's national electrical company EBS (NV Energie Bedrijven Suriname) is focused on improving reliability and sustainability of electricity.
