Low-cost solar power kits are lighting up rural Papua New Guinea

Low-cost solar power kits are lighting up rural Papua New Guinea. Since the pilot launch in February 2018, the company has sold its solar kit to over 1,300 homes. Ramamurthy says while the numbers are small compared to the overall market's size, he's interested in expanding his business to Bougainville.

Solar the key to bringing electricity to remote Papua New Guinea

Papua New Guinea has the perfect climate for solar, and is the key to achieving an ambitious government plan to bring electricity to the 70 per cent of Papua New Guineans who currently don't have access by 2030, according to Rick Hooper, Chief Executive Officer of Sydney-based solar company, Barefoot Power.
