Bentech solar Bulgaria

Overview

Who is Bentek solar?

Planning and sourcing a wide variety of materials and components. In 2009 Bentek expanded its offerings with the creation of the Solar Products division. Bentek Solar provides electrical Balance of System (eBOS) equipment—combiners, recombiners, safety systems, cables, harnesses, and accessories—for a wide range of photovoltaic projects.

Who is Bentek Corporation?

Founded in 1985 and located in San Jose, California, Bentek Corporation began by providing comprehensive design, manufacturing, and logistics services for the semiconductor equipment industry. We continue to specialize in the design and manufacture of electromechanical and power distribution solutions for high-tech and industrial markets.

What services does Bentek offer?

Bentek has developed a range of capabilities, including: Designing, building, and testing complex, highly configurable products. Planning and sourcing a wide variety of materials and components. In 2009 Bentek expanded its offerings with the creation of the Solar Products division.

Bentech solar Bulgaria

Bentek Introduces Products Optimized for PV Projects using First Solar ...

Bentek Solar provides Balance of System (BOS) equipment - combiners, recombiners, safety systems, cables, harnesses, mounting racks and accessories - for a wide range of photovoltaic projects. Bentek branded solar products simplify and speed the installation and wiring process. For more information, contact Bentek Solar at 866-505-0303, e

[A Step Change in PV AFCI Technology](#)

Bentek Solar has submitted a proposal to expand the scope of UL 1699B to include 1500V rated PV AFCI devices. In addition to writing the proposal, all of our AFCI designs are extensible to 1500V, which will enable use of 1500V equipment in jurisdictions where 690.11 is enforced, when the 1699B standard becomes ready. Short Circuit Current Rating
