Is Longi bringing a Hi-mo 5 54-cell solar module to Canada?

As part of the expansion, LONGi is bringing its flagship distributed solar module for the Canadian residential and commercial sectors—the Hi-MO 5 54-cell module. LONGi is accepting orders for the high-performance 415-watt monofacial module from its Canadian distribution partners, with first deliveries slated for late Q1 2023.

Are LONGi Solar panels a good choice?

LONGi Solar panels are a good choice for your solar energy needs. They have a moderate price, high production capacity, and are comparable to other top brands. Canadian Solar is also a good brand, but LONGi panels may offer better quality and efficiency.

Does LONGi Solar have a warranty?

The panel is backed up by a 25-year product warranty and a 30-year warranty for performance. One of Longi Solar's most popular and efficient solar panels is the LONGi Solar Hi-MO 4 module. It has a power output of up to 450 watts and boasts an impressive module efficiency of up to 21%.

Are LONGi Solar panels half cut?

All of the LONGi Solar panels are also half-cut cell modules, which further increases their efficiency. What solar panel modules does LONGi offer?

LONGi offers four main module series, the Hi-MO 7, Hi-MO X6, Hi-MO 5, and Hi-MO 5m -- but only the Hi-MO 5m Series offers panels for residential use.

Are JA Solar & LONGi a good brand?

Solarquotes is another good solar comparison site. They rate JA Solar and Longi as reputable brands and well supported in Aus, with Longi being slightly more expensive. JA have a sensible manufacturer's warranty of 10 years. I suspect Longi have the same. If you have more faith in one retailer/installer than the other, I would pick that one.
