Distributed photovoltaic bracket manufacturer address

Overview

What is PV bracket industry chain?

complete PV bracket industry chain of high-end raw material manufacturing
Won the first place in China PV mounting enterprise for five consecutive years
With more than 1,700 employees worldwide This is the 800MW photovoltaic
power generation project of China Resources Finance, Gold and Red Light
Fishery.

What does a photovoltaic system company do?

As a global leader in the photovoltaic system industry, the company focuses
on R&D, design, production, engineering installation services and system
solutions of support structure products, with applications in photovoltaic,
construction and transportation.

How many production bases does solar power company have?

The company operates three major production bases, encompassing nearly
50,000 square meters of production area. Its main business includes various
photovoltaic fixed ground mounting structure, distributed mounting structure,
tracking photovoltaic mounting structure, building mounting structure, and
distributed power station development, etc.

Can versol mount a photovoltaic power station?

Versol's V-Basic mounting system can be applied to photovoltaic power station
in different terrain and environment. The product range includes a wide range
of models and styles, and is highly adaptable.

What is China's first ultra-high altitude photovoltaic demonstration base?

In 2022, the first batch of power generation units of China's first ultra-high
altitude photovoltaic demonstration base project - Sichuan Ganzi Xingchuan
demonstration photovoltaic power station, broadcasted by Newswire, were
connected to the grid, marking the official commissioning of the base. Come

as promised.
