Making Sense Of Netapp's Engenio Acquisition

Last week's acquisition of Engenio, LSI's external storage unit, by NetApp caught a lot of people by surprise. While NetApp's desire to continue to grow through acquisition was no great secret, its decision to grow by acquiring Engenio did not on the surface initially make a lot of sense to me. After all, why would NetApp, who consistently pokes EMC in the eye for ...

NetApp buying LSIs Engenio Storage Business Unit

The business and technology that LSI is selling to NetApp (aka Engenio) is the external storage system business that accounted for about \$705M of their approximate \$900M+ storage business in 2010. This piece of the business represents external (outside of the server) shared RAID storage systems that support Serial Attached SCSI (SAS),
