

Solar Energy South Africa

Eks inverters Guinea-Bissau

Overview

How many GW of inverters does EKS have?

EKS has successfully implemented over 4.5 gigawatts (GW) of inverters on a global scale, even in the most challenging and complex grid environments. Global energy storage platform provider Powin LLC (Powin) today announced a new partnership with global technology leader Hitachi Energy.

Is EKS a good inverter provider?

At that time, Powin executive VP Danny Lu told Energy-Storage.news that EKS is an inverter provider with a strong track record of working on challenging grid-connected and off-grid projects; in other words, projects at the grid edge.

Why should you choose EKS energy?

At Eks Energy, we specialize in providing top-tier solar panel inverters designed to meet the rigorous demands of modern solar energy systems. Why choose our PV inverters?

Our PV inverters are engineered to convert the direct current (DC) produced by solar panels into alternating current (AC) with high efficiency.

Will Hitachi energy & EKS develop PCS products together?

The pair have formed a strategic partnership with a view to developing PCS products for the energy storage market together. EKS will gain access to Hitachi Energy's advanced engineering and control capabilities, as well as its global market reach, and supply chain advantages, Powin said.

What is EKS energy smartpv?

eks Energy SmartPV brings you the most advanced set of solar panel inverters and other products to deliver the power generated with top efficiency and stability, under all conditions. Technology created for Large-Scale Plants, with additional features to ensures a total control of the power signal.

What will EKS gain from Hitachi energy?

EKS will gain access to Hitachi Energy's advanced engineering and control capabilities, as well as its global market reach, and supply chain advantages, Powin said. The buyer meanwhile added that it will combine EKS' power electronics and advanced controls with Hitachi Energy's system integration, automation and software offerings.
