Overview

ST. CROIX — Officials cut the ribbon at the Petronella Solar Farm on Tuesday, bringing a new wave of renewable energy to the island, which is experiencing rolling blackouts due to a fuel shortage.

ST. CROIX — Officials cut the ribbon at the Petronella Solar Farm on Tuesday, bringing a new wave of renewable energy to the island, which is experiencing rolling blackouts due to a fuel shortage.

ProSolar Caribbean is the premier Solar Energy company serving the U.S. Virgin Island, and we have been for over a decade. We offer a wide variety of renewable energy products and services. We can help you reduce energy costs, go completely off-grid, or both!.

With the growing intensity of storms in the Caribbean, resilient energy infrastructure now plays a crucial role in the Caribbean's transition to a reliable, clean power system. The Donoe solar farm in St. Thomas, U.S. Virgin Islands was originally built in 2015 but sustained significant damage during the 2017 hurricane season.

The Spanish Town solar farm in St. Croix, U.S. Virgin Islands—in operation since 2015—received significant damage during the 2017 hurricanes. The plant remained offline for nearly 5 months, while grid repairs were implemented, and production was limited to less than 45 percent of its energy capacity once reenergized.

Sheep are used in solar grazing to manage vegetation around solar panels, ensuring the panels remain clear. a Virgin Islands system that produces 12 cents industrial power in St. Croix, and to .
