### [Enerflex Solutions Argentina S.r.l.](#)

Por Reunión de socios del 16/05/24 se resolvió:  
 a) reformar Art. 1 por cambio de denominación a "ENERFLEX SOLUTIONS ARGENTINA S.R.L." que será continuadora de "EXTERRAN ARGENTINA S.R.L."; b) reformar Art. 10 en cuanto a la celebración de reuniones a distancia y c) reformar Art. 11 ampliando el mandato de la sindicatura a 3

### [Fully Modular / Stick-Build Solutions](#)

Through a range of design capabilities, Enerflex delivers extensive expertise in refrigeration systems, from smaller skid-mounted to larger fully modular and extremely large turnkey stick-build design solutions. Enerflex offers complete

...

### [Operations and Maintenance](#)

Enerflex supplied a three-year rental with operations and maintenance for a local customer. The Enerflex equipment consisted of 300 HP of high-specification, custom-designed packages. This was the first offshore performance-based gas compression rental project Enerflex, completed in ...

### [Refrigeration](#)

Enerflex provided a unique refrigeration solution using three screw compressors, each driven by a

3,700 HP (2,800 kW) gas engine with a step-up gearbox spinning the compressor at 2,000 RPM. The project required three screw compression units -- two duty and one standby -- including the associated refrigeration plant, all provided by Enerflex.

## Fully Modular / Stick-Build Solutions

Through a range of design capabilities, Enerflex delivers extensive expertise in refrigeration systems, from smaller skid-mounted to larger fully modular and extremely large turnkey stick-build design solutions. Enerflex offers complete integrated turnkey (ITK) solutions, including processing and balance of plant equipment for any refrigeration

## Battery Energy Storage Systems (BESS)

EVLO Certified Turnkey Solutions Provider. Enerflex is an EVLO Certified Turnkey Solution Provider. Hydro-Québec's EVLO Battery Energy Storage Systems use proprietary lithium iron phosphate (LFP) battery cells. Compared to traditional lithium-ion cells, LFP delivers superior thermal and chemical stability.

## **Sewage Gas**

The Ultimate Renewable Fuel Never Stops Flowing Turning Wastewater into a Reliable Energy Source. As energy costs rise and carbon reduction becomes a priority, local authorities and municipalities need to move to more

economical renewable energy solutions, running on sewage gas, delivering cogeneration or combined heat and power (CHP), helping wastewater ...

## Infrastructure

Partner with us for BOOM model solutions that accelerate gas-to-market strategies, offering fixed treatment and disposal costs to reduce risks. Enerflex logo Partner with Enerflex for infrastructure solutions that optimize your operations and drive efficiency across your projects. Build-Own-Operate-Maintain. Integrated Turnkey.

## Low-carbon Solutions

Enerflex is committed to delivering energy solutions that support our client partners reach their goals. From carbon capture and electrification to hydrogen technologies, our solutions are designed to meet your specific

needs. Why ...

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The Engineered Systems product line is comprised of compression, process, energy transition, and electric power solutions. Enerflex provides custom and standard compression packages for reciprocating and screw compressor applications. It also engineers, designs, manufactures, constructs, and installs modular processing equipment and waste gas

## Bioenergy

Enerflex's Solution. Our solutions cover the entire system (gas-to-wire). Whether you run a farm, a food processing plant, a brewery, or a pulp mill, you should investigate how biogas cogeneration can support your business. Biogas Value Chain and Enerflex. Essentially converting released CH

...

## ENERFLEX CBD

Enerflex CBD es un producto certificado por los organismos gubernamentales para su aplicación topica, ha aprobado las exhaustivas pruebas requeridas para su comercialización destacandose en el mercado por estar certificado para su venta. COMPRAR. Modo de Uso ¿Como aplicar Enerflex CBD? 01.

## Hydrogen

Enerflex's innovative hydrogen solutions consist of compression systems and H2 electrolyzer packages for blue and green hydrogen projects. Enerflex logo . open mobile menu . Equipment . Equipment . We deploy and service high-quality sustainable energy infrastructure.

## Electrification

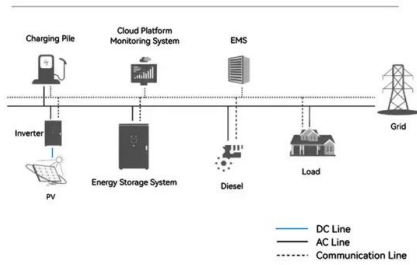

Enerflex has been actively involved in the e-compression space for decades, and to-date we have installed over 3 million horsepower of electric-motor compression worldwide. Our team of dedicated specialists work with our client partners on delivering a range of solutions: Electrification of gas compression solutions; Solar self-generation

## Enerflex Water Solutions

Enerflex Water Solutions , ?????? ?? ?????????? ??? LinkedIn. EWS designs and commissions facilities that quickly, efficiently, and cost-effectively treat various volumes of produced water every day. Our industry-leading technologies cover a full range of primary, secondary, and tertiary treatment methods for removing oil and suspended solids from produced water.

### System Topology

## Financial Reports

Enerflex is committed to delivering sustainable value through financial discipline and strategic growth. As global demand for natural gas grows over the next decade, our leadership in energy infrastructure will allow us to capitalize on these market opportunities, strengthening our financial position as the global market evolves.

## Renewable Firming

Enerflex installed and commissioned a full turnkey, cogeneration power plant operating on LNG -- the first in Canada. Enerflex replaced existing assets with two modular Jenbacher JMS 624 H01 4,160V generators, producing a total of 8.8 MW. These generators ensure continuous services when demand exceeds hydro capacity to satisfy the utility network.

## ENERFLEX LTD.

Growing energy needs continue to demand better equipment, services, and solutions. Enerflex is building tomorrow from the ground up - innovating to make energy infrastructure more reliable, connected, and efficient for all. On October 13, 2022, Enerflex and Exterran Corporation ("Exterran") combined to meet these demands and become a
