[Integrated Turnkey Projects](#)

Enerflex managed the turnkey engineering, design, manufacturing, onsite construction, start-up, and commissioning of six mechanical refrigeration units (MRUs) dew point control gas plants in less than 18 months. Enerflex was selected based on its extensive experience in mechanical refrigeration and a service facility located close to the gas

Sewage Gas

The Ultimate Renewable Fuel Never Stops Flowing Turning Wastewater into a Reliable Energy Source. As energy costs rise and carbon reduction becomes a priority, local authorities and municipalities need to move to more economical renewable energy solutions, running on sewage gas, delivering cogeneration or combined heat and power (CHP), helping wastewater ...

[Enerflex Ltd, EFX:TOR profile](#)

Enerflex Ltd (EFX:TOR) company profile with history, revenue, mergers & acquisitions, peer analysis, Enerflex Ltd. is a Canada-based integrated global provider of energy infrastructure and energy transition solutions, delivering natural gas processing, compression, power generation, refrigeration, cryogenic, and produced water solutions.

[Low-carbon Solutions](#)

Enerflex is committed to delivering energy solutions that support our client partners reach their goals. From carbon capture and electrification to hydrogen technologies, our solutions are designed to meet your specific needs. Why Enerflex? A leading energy services company with a longstanding, trusted reputation

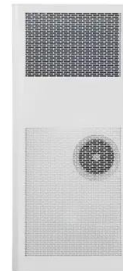

[Build-Own-Operate-Maintain Solutions](#)

Enerflex's infrastructure financing solutions offer the best value for both our clients and partners. While you focus on your fundamental operations, we take responsibility for the design, build, commissioning, operations, and maintenance of your natural gas compression, processing, and power generation facilities.

Ne besojmë te fuqia e energjisë së gjelbër për një të ardhme më të qëndrueshme!

[Financial Reports](#)

Enerflex is committed to delivering sustainable value through financial discipline and strategic growth. As global demand for natural gas grows over the next decade, our leadership in energy infrastructure will allow us to capitalize on these

market opportunities, strengthening our financial position as the global market evolves.

Biogas

Enerflex's Solution: From Raw Biogas to Renewable Energy Enerflex has developed a core expertise in the conversion of raw biogas into valuable renewable electricity and heat. Our solutions cover the entire turnkey system (gas-to-wire) including gas blower systems, gas dehumidification, H₂S removal, siloxane removal, combined heat and power

[Battery Energy Storage Systems \(BESS\)](#)

EVLO Certified Turnkey Solutions Provider. Enerflex is an EVLO Certified Turnkey Solution Provider. Hydro-Québec's EVLO Battery Energy Storage Systems use proprietary lithium iron phosphate (LFP) battery cells. Compared to traditional lithium-ion cells, LFP delivers superior thermal and chemical stability.

[Enerflex , Utility Management Solutions](#)

Empowering you with seamless utility management and revenue security. Enerflex specialises in delivering advanced utility solutions designed to empower Managing Agents, Body Corporates, Estate Agents, and

Property Owners. Our mission is to help you efficiently monitor and control monthly utility bills, ensuring optimal efficiency and cost-effectiveness.

Enerflex Water Solutions

Enerflex Water Solutions , ????? ?? ?????????? ???
 LinkedIn. EWS designs and commissions facilities that quickly, efficiently, and cost-effectively treat various volumes of produced water every day. Our industry-leading technologies cover a full range of primary, secondary, and tertiary treatment methods for removing oil and suspended solids from produced water.

Fully Modular / Stick-Build Solutions

Through a range of design capabilities, Enerflex delivers extensive expertise in refrigeration systems, from smaller skid-mounted to larger fully modular and extremely large turnkey stick-build design solutions. Enerflex offers complete integrated turnkey (ITK) solutions, including processing and balance of plant equipment for any refrigeration

Enerflex Systems Ltd.

Enerflex Systems Ltd. is a global market leader in the custom design, manufacture, servicing and leasing of compression systems for the production and processing of natural gas. custom-designed and solutions worldwide. Products & Services. No Products & Services listed for

[Refrigeration](#)

Enerflex provided a unique refrigeration solution using three screw compressors, each driven by a 3,700 HP (2,800 kW) gas engine with a step-up gearbox spinning the compressor at 2,000 RPM. The project required three screw compression units -- two duty and one standby -- including the associated refrigeration plant, all provided by Enerflex.
