Engie solutions Austria

Overview

How Engie solutions can speed up a client's energy transition?

So ENGIE Solutions has made a long-term commitment to speeding up its clients' energy transition. ENGIE Solutions is a subsidiary of the ENGIE Group which, by focusing its activities on renewable energies and infrastructure, affirms its pioneering role in the energy sector while supporting all its stakeholders on their decarbonisation journey.

What services does Engie offer?

Teams of experts develop the optimal building technology systems such as air conditioning, ventilation or refrigeration systems, heating, sanitary or sprinkler systems, electrical and I&C systems. In addition, ENGIE also provides the necessary construction services.

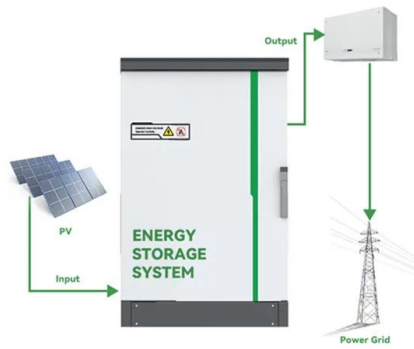

How Engie contributes to responsible industrial efficiency?

From tailor-made solutions that integrate energy production and deliver industrial fluids such as heat, cold, or compressed air, up to maintenance, digitalization, and financing services, ENGIE contributes to responsible industrial efficiency via a range of offers.

What certifications does Engie have?

ENGIE operates local and district heating and cooling supply systems. ENGIE is certified in accordance with ISO 9001 and holds numerous other specialist certificates. Ing. Jörg Heißenberger, Managing Director ENGIE Austria

Engie solutions Austria

Green Data Centres

Integrated and innovative solutions for your green data centres. ENGIE Green Data Centre Solutions offers unparalleled expertise throughout the entire life cycle of the Data Centre, utilizing a one-stop shop self-delivery service model. Your Partner for a Green Data Center.
