

Solar Energy South Africa

Ep cube canadian Mauritania

Overview

Is the EP Cube ul 9540a certified?

With UL 9540A certification, the EP Cube meets the industry's stringent energy storage and equipment safety standards and negates thermal runaway concerns. Safe for use inside and out, the system's state-of-the-art cooling system keeps the heat down with improved discharge and charge efficiency.

Why should you buy a Canadian Solar EP Cube?

Accessibility Canadian Solar has invested in state-of-the-art manufacturing and proficient supply chain partnerships to make the EP Cube attainable nationwide with low lead times and meet the rising demand for solar-powered homes.

What is the EP Cube Smart Gateway?

With customized capacity for each homeowner, including DC/AC inputs, critical and non-critical loads, secondary sources, generators and EV chargers, the EP Cube's Smart Gateway optimizes energy storage and consumption, giving the homeowner complete control, transparency, and efficiency.

Does the canadiansolar EP Cube ship via UPS or USPS?

It can NOT ship via UPS or USPS. Please email us or give us a call if you have any questions. The CanadianSolar EP Cube stands out for its compact yet powerful design, integrating a hybrid inverter with storage modules for ease of use. It emphasizes safety with its use of LiFePO4 batteries, meeting stringent UL 9540A test criteria.
