# Ess project North Macedonia

## Overview

---

Why is open science cloud important in North Macedonia?

The establishment of Open Science Cloud and related policies in North Macedonia means that the Open Access infrastructure is bound to improve as the collateral effect of the EU investments in the project and the development of OA infrastructure that will be sustainable.

Is North Macedonia open access?

In 2019, a country formerly known as Macedonia agreed to change its name to North Macedonia. Since 1991, North Macedonia has continued to develop its open access infrastructure. This article provides a general overview of Open Access (OA) in North Macedonia (xn). 1 North Macedonia is located in Southeastern Europe.

What is the distribution of open access journals in North Macedonia?

The distribution by subject for North Macedonian shows a 50-50 split between the OA journals that fall within the general sciences, mathematics, humanities, and social sciences. The following tool that we have to assess OA infrastructure development is to examine the presence of Open Access digital repositories in North Macedonia.

Is North Macedonia still referred to as a country?

As of March 2021, in OpenDoar, as shown in Image 5, below, North Macedonia is still referred to as Macedonia (the former Yugoslav Republic). Image 5: The screenshot of OpenDOAR page showing North Macedonia as Macedonia (the former Yugoslav Republic of).
