Tweaks in Falklands

development plan come to light

Following Harbour Energy's decision to exit the Sea Lion project in September 2021 as it was no longer befitting its corporate strategy, Rockhopper, Harbour, and Navitas signed a detailed heads of terms deal in December 2021 to allow a clean exit from the Sea Lion project in the Falkland Islands for Harbour and a farm-in for Navitas.

Power and Electrical Section

Power and Electrical Section Power Station. We have been in existence since September 1929 when the first power station was opened on Ross Road. This power station had a single 10kW generator and supplied power to just the police station, the Town Hall and police cottages.

Our Future and that of The Falkland Islands' Energy Security

The Falkland Islands' Energy Strategy sets out the Falkland Islands' energy priorities to ensure the Falkland Islands are more energy-independent, secure, and resilient. The world is moving rapidly towards renewable energy, meaning that it is important for the Falklands to chart our own course in the transition.

Falkland Islands progress in renewable energy surprises

At Power Station control panel for the wind turbines, H.Vidal, Glenn S. Ross, Versalovic, and R.Burgos. Three experts in the use of renewable energy who were visiting the Falkland Islands

this

Falklands project to become 'largest operated'

UK-based oil and gas E& P company Rockhopper Exploration has inked a definitive deal with Harbour Energy and Israel's Navitas Petroleum, which will open the door for Navitas to enter the Sea Lion project located off the Falkland Islands. (POEPL), the company in which Harbour holds all of its Falkland Islands licences: PL003, PL004, PL005

UK's Harbour Energy drops 250 mil barrel Falkland Islands oil

...

London listed Harbour Energy said Sept. 23 it was pulling out of a project to develop the Sea Lion oil discovery offshore the Falkland Islands, which has been bitterly opposed by Argentina and is thou

Sea lion's first roar pushed back as costs rise to \$1.4 billion for

The Israeli player handed over an environmental impact statement (EIS) to the Falkland Islands government regarding its proposals to drill oil wells and start offshore production from the Sea Lion field's Northern development area, entailing Phase 1 and 2, and associated activities, kick-starting a statutory period of consultation, which was

An update to the use of Starlink in the Falkland Islands. Part 2, ...

The benefits of low-Earth orbit (LEO) satellite-based services are now a reality in the Falkland Islands, and consumers and businesses are fully aware of this. Focusing on Sure, or Intelsat, or Oneweb, is a misdirection of energy. Best wishes on this! I know how frustrating this can be. Reply. FTTH says: 19/05/2024 at 11:27.

Borders & Southern Eyeing FPSO for Darwin Development (Falkland Islands)

UK can't stop Falkland Islands extracting millions of barrels of oil

According to GlobalData, Offshore Technology's parent company, Sea Lion is a conventional oil development located in deep water in the Falkland Islands. Discovered in 2010, it lies in block 14/05 and 14/10, with water depth of around 1,485ft. A statement from the islands' government over the weekend again reiterated its independence from the UK, adding that the ...

Borders & Southern, a London based independent oil and gas exploration company, provides an update on its assets in the South Falkland Basin. Since the completion of its 2012 drilling campaign the Company has undertaken a number of technical and commercial studies. Whilst a number of these studies are still in progress, some of the [...]
