Finland ihi terrasun

Overview

Who is IHI terrasun?

Leveraging decades of experience in energy storage integration, IHI Terrasun creates transformative design and service solutions for energy storage projects. We develop power plant software and provide engineering services for the energy storage projects that we integrate into the electric grid.

Why should you choose IHI terrasun?

Trusted lifecycle services for battery energy storage projects. Innovative design, integration, software, and field engineering solutions that advance the renewable energy transition IHI Terrasun maximizes your return on project investment — now, and for the long-term.

Why should you choose IHI terrasun for battery procurement?

We offer the most flexible options for battery procurement, including our Assured Procurement service. IHI Terrasun is at the forefront of advanced solutions for DC-coupled, collocated, and standalone battery projects.

What are Hi terrasun's key trends?

IHI Terrasun staff working on the Gemini solar-plus-storage project in Nevada, US. Image: IHI Terrasun “One of the key trends that readers should closely monitor is the advancements in safety within storage technologies,” says Andy Tang. Image: Wärtsilä.

Why did Hi terrasun buy esware?

To further develop our advanced optimization capabilities, IHI Terrasun purchased the ESWare — an advanced, non-linear, economic algorithm-based software — from 24M. In March 2020, HI Terrasun Solutions was incorporated as a solar and storage lifecycle services provider.

Who is IHI Corporation?

Our global parent company, IHI Corporation, has been a leader in the industrial sector since 1853. Originally established as Ishikawajima Shipyard, IHI has expanded into multiple industrial sectors over 170+ years, including energy and the environment, industrial systems, aero and space engines, and social infrastructure.
