How To Use Any Solar Panel With FlashFish Solar Generators

Today I want to help you find a solar panel to connect to your solar FlashFish solar generator. The models I am looking at are the G300, 200W, EA150, and 150Wh . If you're looking at a different FlashFish power station, it might have the same DC input and be compatible with the same panels, but the best thing to do is ask the company if you
