

## Solar Energy South Africa

# French Polynesia solplanet monitoring

## Overview

---

What is the solplanet app?

Simple remote management supporting multiple users The Solplanet App is the most intelligent and user-friendly mobile solution for monitoring your PV installation's power generation. Featuring intuitive data visualizations, it enables you to effortlessly track energy production and monitor progress over time.

What is solplanet cloud based monitoring?

Our cutting-edge cloud-based monitoring system empowers you to monitor real-time energy generation via the Solplanet Cloud, offering unparalleled accessibility from anywhere. Live data reporting ensures proactive system performance management, swiftly detecting and addressing potential issues.

Why should you choose solplanet?

the Cloud! The power of the sun is the future of our planet. Solplanet makes solar for everybody. Easy-to-install, reliable and user-friendly inverters.

### **Ai-Dongle 4G**

Ai-Dongle 4G cechuje kompaktowa konstrukcja, mierząca zaledwie 154 x 50 x 33 mm i wykorzystuje kartę Micro-Sim. Posiada certyfikat wodoodporności o stopniu ochrony IP66, dzięki czemu nadaje się do użytku w trudnych warunkach atmosferycznych.

### [Wi-Fi , Solplanet](#)

The Wi-Fi stick offers a seamless connection and monitoring experience through the Solplanet app. Effortlessly integrate the Wi-Fi stick with the inverter, launch the Solplanet app, and establish an internet connection to unlock the powerful ...

### [Ai-Dongle , Solplanet](#)

Introducing our latest innovation for streamlined solar installation monitoring--the LAN/WLAN Ai-Dongle. This user-friendly device effortlessly elevates your Solplanet inverter data monitoring, providing an enhanced capacity to track your installation's energy production around the clock through our intuitive mobile application.

### [Ai-HB G2 Series , Solplanet](#)

The Ai-HB G2 series prioritizes user convenience with 24/7 online system monitoring, providing real-time insights into energy performance. The seamless integration with Solplanet apps ensures

a swift setup and efficient data tracking, allowing users to monitor energy consumption and battery charge/discharge levels effortlessly.

### [Wi-Fi , Solplanet](#)

Effortlessly integrate the Wi-Fi stick with the inverter, launch the Solplanet app, and establish an internet connection to unlock the powerful monitoring capabilities. This user-friendly solution ensures a straightforward and efficient

...

## FAQ

Solplanet makes solar for everybody. Easy-to-install, reliable and user-friendly inverters. Termékek. Hibrid Inverterek és Energia Tárolók. Hibrid inverter. ASW 5-12kH-T2/T3 sorozat. Cloud-Monitoring. Kérdések és válaszok. Garancia. Jótállási Igény. Lépjen kapcsolatba velünk.

## **Ai-Dongle**

Monitoring the data from your solar installation just got easier, thanks to our new LAN/WLAN Ai-Dongle monitoring device. Our easy-to-use Ai-Dongle can enhance your Solplanet's inverter data monitoring and grow your ability to keep track of your installation's energy production that you can monitor 24/7 using our user-friendly mobile application.

## **Products**

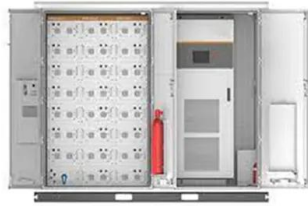

PV Plant monitoring plays an important role in our approach to revolutionize access to solar energy. It saves you time and money by reducing PV plant downtime. Your energy generation and consumption are presented in simple and easy to read graphs for complete plant management. You can use the monitoring system in native mobile apps or on the web.

## [Ai-Logger 1000 , Connect & Monitor](#)

Solplanet's Ai-Logger 1000 stands out with its compact and efficient design, measuring a mere 24 x 12.6 x 4.2 cm. This super-compact profile allows for seamless installation, providing users with versatile placement options, whether it's on a tabletop, mounted on a wall, or secured to a ...

## **ASW 1-2.5K-S-G2 Series , Single phase inverters**

The ASW 1-2.5K-S-G2 series are some of the most compact and stylish second-generation single-phase inverters on the market. They have been designed to comply with the highest international standards and have an IP66-certified design, making them reliable for both indoor and outdoor installations.

## [Solar Energy Questions , Inverter FAQs](#)

Our monitoring solutions (either a GPRS stick, WiFi stick, or AiComm) upload inverter data to the Solplanet Cloud and that requires a stable and reliable internet connection. If required, we can supply our communications protocol to our customers so they can ...

## Home Page , Solplanet Solar for everybody

Solplanet sees a solar future for homes and businesses. Our high-quality inverters are easy-to-install and user-friendly. We offer:

- o Single phase inverters
- o Three phase inverters
- o Connected monitoring devices
- o EV Chargers

### Connect & Monitor

The Solplanet App is the most intelligent and user-friendly mobile solution for monitoring your PV installation's power generation. Featuring intuitive data visualizations, it enables you to effortlessly track energy production and ...

### Solplanet App , Solplanet

Ontdek de Solplanet App - de ultieme tool voor het beheren en optimaliseren van uw PV-systeem. Ons geavanceerde cloudgebaseerde monitorsysteem stelt u in staat om real-time energieopwekking te volgen via de Solplanet Cloud, met ongeëvenaarde toegankelijkheid vanaf elke ...

### Ai-Logger 1000 , Solplanet

Solplanet's Ai-Logger's super-compact design (only 24 x 12.6 x 4.2 cm) can be easily installed on site (either tabletop, wall mounted, or DIN rail), and is widely adaptable to a variety of installation scenarios. Data is collected and sent to the Solplanet Cloud for remote monitoring.

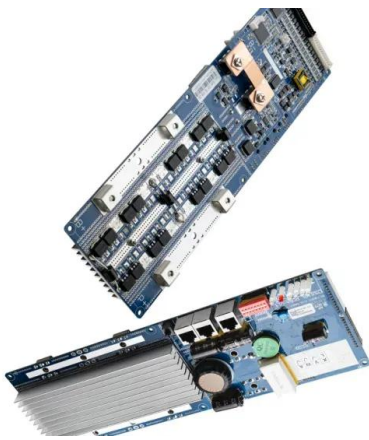

## Telepítói felület

Solplanet makes solar for everybody. Easy-to-install, reliable and user-friendly inverters. Termékek. Hibrid Inverterek és Energia Tárolók. Hibrid inverter. ASW 5-12kH-T2/T3 sorozat. Cloud-Monitoring. Kérdések és válaszok. Garancia. Jótállási Igény. Lépjen kapcsolatba velünk.

## Solplanet App , Solplanet

The Solplanet App is the most intelligent and user-friendly mobile solution for monitoring your PV installation's power generation. Featuring intuitive data visualizations, it enables you to effortlessly track energy production and monitor progress over time.

## ASW 3-5K S Series

DC reverse polarity protection and AC sensitive residual-current monitoring function ensures long-term operation with a strong focus on safety for installers and end-users. Powerful Minimum Input (DC) of 80V, max 580V plus initial a dual independent MPP tracker (what does THAT mean?) and a wide MPP voltage range ensure optimized energy

## Ai-Logger 1000 , Connect & Monitor

Solplanet's Ai-Logger 1000 stands out with its compact and efficient design, measuring a mere 24 x 12.6 x 4.2 cm. This super-compact profile allows for seamless installation, providing users with versatile placement options, ...

## [ASW 75-110K LT series , Solplanet](#)

o 24/7 system monitoring  
 o Quick setup and commissioning with Solplanet apps  
 o String-level management  
 o Equipped with Solplanet's self-developed Ai-Logger system, supports independent scheduling functions, efficient management of photovoltaic production, etc.

## About us

Solplanet manufactures Single-Phase, Three-Phase and Hybrid inverters, intuitive monitoring solutions and smart EV Chargers in compliance with international high-quality standards. Our research and development departments and production plants are growing and innovating constantly, so chances are we can meet your demand, no matter the size of

## [LAN/WLAN Ai-Dongle , Connect & Monitor](#)

Introducing our latest innovation for streamlined solar installation monitoring--the LAN/WLAN Ai-Dongle. This user-friendly device effortlessly elevates your Solplanet inverter data monitoring, providing an enhanced capacity to track your installation's energy production around the clock through our intuitive mobile application.
