Freyr battery Denmark

Overview

Who is Freyr battery Norway?

FREYR Battery Norway | FREYR Battery Enters into Agreement with HENT. FREYR Battery Norway. FREYR is a Norwegian Incorporated Company developing a lithium ion battery facility.

What is Freyr battery?

About FREYR Battery FREYR Battery aims to provide industrial scale clean battery solutions to reduce global emissions. Listed on the New York Stock Exchange, FREYR's mission is to produce clean battery cells to accelerate the decarbonization of energy and transportation systems globally.

Is Freyr preparing for unit cell production?

Following the achievement of key interim milestones at the CQP earlier this year, FREYR's Asset Mo teams are preparing for the start of unit cell production with the full automation of the Casting and Unit Cell Assembly, which remains on track for H1 2024.

How has Freyr been able to prevent further delays?

FREYR has implemented a plan intended to prevent further delays, which includes enhanced involvement of technology and battery subject matter experts, increased coordination and day-to-day involvement with vendors and partners, and the formation of a Technology Advisory Board consisting of subject matter experts.
