# GCL Photovoltaic Panel Quality Test

### APPLICATION SCENARIOS

## Overview

---

GCL System Integration Technology Co. Ltd (GCL) was founded in 2003 and remains a subsidiary of Golden Concord Group. Golden Concord Group is a China-based energy conglomerate with electric power, photovoltaics, natural gas, integrated circuit materials, mobile energy and new electric ecology as its main.

Currently, 39 GCL solar panels are approved by the Clean Energy Council (listed under the name of GCL System Integration).

Solar panels come with a product and performance warranty. The product warranty is designed to cover manufacturing faults in the panel that leads to damage or malfunction and is typically 10 years for most.

Are GCL solar panels good quality?

GCL solar panels show some promise of being good quality (particularly the Saturn and Gemini series) through their ranking as a top performer by PV Evolution Labs independent testing. Unfortunately at this stage their offering in Australia (if it is currently available) lacks good customer support.

How many GCL solar panels are there in Australia?

Currently, 39 GCL solar panels are approved by the Clean Energy Council (listed under the name of GCL System Integration Technology Co Ltd) for the Small-scale Renewable Energy Scheme - Australia's home solar rebate program. The GCL-M8/60H has 120 half cut monocrystalline solar cells and is one of GCL's best performing solar panels.

What is a GCL solar warranty?

The product warranty is designed to cover manufacturing faults in the panel that leads to damage or malfunction and is typically 10 years for most solar panel manufacturers. All GCL Solar panels offer a 10 year standard product warranty which is effectively the minimum expectation of the solar panel market.

What is GCL photoelectric materials?

GCL Photoelectric Materials, a subsidiary of GCL Group specializing in the research and production of perovskite solar cells and panels, has announced that its 1 m x 2 m perovskite single-junction module has achieved a power conversion efficiency of 18.04%. The group said that the China National Institute of Metrology has certified the result.

Which gcl-m8/60h solar panel is best?

The GCL-M8/60H has 120 half cut monocrystalline solar cells and is one of GCL's best performing solar panels. Monocrystalline solar cell technology has a higher efficiency in comparison to polycrystalline.

Does GCL solar have an office in Australia?

GCL Solar currently has no office located in Australia. Compare quotes from up to 7 installers in your area now. Currently, 39 GCL solar panels are approved by the Clean Energy Council (listed under the name of GCL System Integration Technology Co Ltd) for the Small-scale Renewable Energy Scheme - Australia's home solar rebate program.

### **Understanding NMOT In Solar: NMOT vs STC vs NOCT ...**

The reason why we mention these 3 solar  
abbreviations together is that, on solar panel  
specs sheets, you can see something like this  
(for exactly the same solar panel): Solar panel  
power rating P<sub>Max</sub> (at STC): 300 Watts. Solar  
panel rating ...

### **PV-Module Test und Vergleich: Die Testsieger (2024)**

Wie der Test von PVEL schon verraten hat,  
wirken sich Temperaturunterschiede auf die  
Solarzellen im PV-Modul aus. In der Folge kommt  
es zu Ausdehnungen und auch wieder  
Verkleinerungen, die die Zellverbindungsstücke  
...
