---

### Solar energy seduces Gabon , Africa on air

Confronted with growing energy demand, Gabon is turning to solar panels. The country's thermal power plants no longer produce enough and must find sustainable alternatives to meet the population's needs. Environment. Economy 29 October 2024. How black soldier flies are revolutionising waste management in Kenya.

### Gabon Begins Construction of Hybrid Power Plant

The project is being developed and financed by the Deposit and Consignment Fund (CDC) of Gabon. The project includes the construction of 1,445 solar panels and solar inverters that will be connected to three 100kW inverters, installed with millimeter precision on the basis of a GPS map on stimulated steel piles.
