cloudkey gen2 plus power adapter options : r/Ubiquiti

I figured the USB C adapter on my UPS would be a good backup power for the POE on my cloudkey gen2 plus. I saw it said QC2.0 on the back, so I bought this power adapter, plugged it

in and unplugged the POE and the cloudkey shut down just the same.. Read on another older post about this anker working. I figured I'd ask about what options people are using lately or if ...

GE Signs Repowering Deal to Foster Energy Diversification in Jamaica

"With this latest project, we are working with JPS to bring more diversification to Jamaica's power mix while also helping to increase the utility's generation capabilities." Over the years, GE has provided support at JPS' Bogue, Old Harbour and Hunt's Bay power stations. Recent projects include the addition of an inlet cooling system at the
