About Our Green Energy

Company , GES Energy

Find out more about our green energy company. GES Energy is an eco-friendly engineering service provider. Find out more about our green energy company. We manage and operate commercial and industrial solar and battery storage systems, off-grid standalone power systems, microgrid systems, agri-solar farms, and utility-scale solar farms (up

Assets

Green Energy Storage viene fondata con l'obiettivo di dare una nuova forma alla transizione energetica con un sistema di storage green e sostenibile. A seguito dell'acquisizione dei diritti esclusivi di License Agreement per l'Europa del brevetto di Harvard basato sull'utilizzo dell'antrachinone come elettrolita in una batteria a flusso, GES

Assets

Green Energy Storage is founded with the goal of reshaping the energy transition with a green and sustainable energy storage system. Following a license agreement with the University of Harvard based on the use of Anthraquinone as an electrolyte, GES starts the development process for giving life to a redox flow battery system.

Slovenia state-aid for BESS, renewables gets EU ...

Slovenia plans to provide individual grants of up to EUR25 million per beneficiary to encourage investment in ramping up clean energy projects. The aid package was approved under the EU's state aid temporary crisis and ...

News

We are pleased to share with you a series of articles recently published in prestigious national newspapers regarding the appointment of Giovanni Battista Zorzoli as Senior Scientific Advisor at Green Energy Storage (GES). This recognition is a testimony to his remarkable contribution in the field of green energy and technological innovation.

Le batterie a idrogeno GES hanno compiuto un altro passo avanti

Le batterie a idrogeno made in Italy per accumulare energia derivante da fonti rinnovabili, in via di sviluppo da parte della Green Energy Storage, hanno compiuto un altro passo avanti. La tecnologia, in particolare la parte chimica, è stata brevettata. Salvatore Pinto ha svelato al Corriere la chimica che c'è dietro alla nuova batteria a idrogeno ... Continued

[GES Amsterdam](#)

In December 2016, we acquired our first asset: GES Amsterdam B.V. ("GESA"). GESA is a company operating a Class 1 storage and

blending facility for gasoline, gasoline components, and bio fuels with c.300,000m³ gross capacity across 20 storage tanks located in the Port of Amsterdam, the Netherlands.
