Green Leaf Solar - Now is the perfect time to go solar

Going solar gets you:

- o Increase your home value
- o Save on your electric bill
- o Reduce carbon footprint
- o Protect against rising energy costs
- o Low risk investment
- o Savings aren't taxable.

Green Leaf Solar specializes in finding all ...

Solar

Solar modules/panels absorb sunlight and convert it into D/C (direct current electricity). 2. The electricity is then routed to an Inverter which then converts the D/C power to A/C power. This conversion is necessary because the power being fed from your utility grid is also A/C power, and you will be sending power back to the grid so it must

Rent to Own
