

Solar Energy South Africa

Guam green cell gc powernest

Overview

Are you curious to know how much energy stored inside PowerNest is enough for you?

The device has 5 kWh of capacity and 5 kW of power. Such parameters guarantee, for example, 3 working days of the refrigerator (1400 W/day), 6 hours of the washing machine's operation (1000 W), or 150 tablet charges. If.

Our R&D team has been working on the device. The analysis of customer needs allows us to develop the most optimal solution, among others, in terms of component.

Don't hesitate to contact us if you have any questions! Our team will provide you with professional technical support and introduce you to the details of this solution.
