

Solar Energy South Africa

Handmade solar powered boat

Overview

Who makes the best electric boats?

ALVA Yachts offers the best boats for forward-thinking explorers of the oceans. ALVA Yachts, the German builder of luxury electric solar catamarans and sail boats, has been shortlisted for a Gustave Trouvé Award (The Gussies), which celebrates excellence in electric boats and boating. Available Now!- Three Stock Solar Electric Catamarans.

Why should you choose a solar powered yacht?

Travel the oceans sustainably while making them your infinite playground. The boldest expression of solar powered yachting yet. The tranquility on board of our yachts is unique. A lack of noise, fumes and vibrations create a deep connection with the sea.

What is a solar electric catamaran?

Our solar electric catamarans combine all the elements for a luxurious and environmentally conscious aquatic lifestyle. With zero CO2 or noise emissions on board, you can reconnect with your senses and fully enjoy the journey. The Soel Yachts portfolio offers solar electric catamarans for both private and commercial applications.

Does Sunreef Yachts have solar power?

Apart from being equipped with two 360kW engines and a set of 990kWh batteries, this electric catamaran boasts Sunreef Yachts' revolutionary solar power system with panels fully integrated with the composite structures.

Where are electric yachts made?

The German manufacturer of electric yachts has signed dealers in many parts of the world, although not Asia. Alva Yachts, the Germany-based manufacturer of electric yachts, has signed contracts with a range of dealers from across the world including North America and parts of Europe, the Middle East and

Oceania.

Are solar-powered boats the future of waterways?

Mothership Marine is dedicated to sustainability and our environment. Our solar-powered boats are the future of waterways, and we are privileged to be at the forefront of this movement. Whether you're looking for a custom-built solar-powered boat or need assistance with your canal boat's electrical systems, we are here to help you.
