

## Solar Energy South Africa

# Honduras homegrid powered by lithium

## Overview

---

Who is HomeGrid powered by?

HomeGrid is powered by Lithion, a global battery manufacturer. Lithion is a brand that specializes in Smart Energy and manufactures best-in-class residential battery energy storage systems. HomeGrid has 3,029 followers on LinkedIn.

Why did lithion buy HomeGrid?

Lithion acquired HomeGrid after seeing the outstanding quality of the products and the value that it brought to communities during natural disasters and power outages. With Lithion's backing, HomeGrid has been able to scale throughout the United States, and now has launched into Europe and Central/South America.

Why should you choose HomeGrid?

At Lithion Battery Inc's HomeGrid, we offer a product that is customizable to your needs. Our modular packages for homes, businesses, and industrial uses make it easy for us to cater power storage to individual customers. Our batteries are comprised of Tier 1 prismatic cells, which allows us to stand by our 10 year warranty.

Where is lithion manufactured?

Lithion has manufacturing facilities located in the United States and Canada with sales & distribution globally that offer a full range of in-house engineering, design, and testing capabilities - providing comprehensive energy and power solutions.
