

## Solar Energy South Africa

# How to use solar power most cost-effectively

## Overview

---

Top tips for maximising savings from your solar PV system

- Use energy efficient, ideally A+++ rated appliances
- Microwaves use less power than an electric oven
- Only fill a kettle with the amount of water you need
- Cook with lids on pans so you can turn down the power
- Wash your clothes on a sunny day and dry them outside on the clothes-line, avoiding use of the tumble dryer
