Overview

How to install solar panels?

Make space for the solar panel accessories (solar inverter, cables and solar batteries, if desired), for instance in a plant room 4. Plan a day for installation 5. Erect the scaffolding (this can be done by your supplier or by a company you organise) 6. The solar panel mounts will be installed 7. The professionals will install the solar panels 8.

Can a solar panel be installed on a roof?

Yes, solar panels can be installed on a roof. With systems like Marley SolarTile®, the solar panel acts as the roof covering, reducing installation time. On retrofit projects, simply remove a section of tiles and install the solar panels in their place.

How does a solar panel installation work?

The installer will have to lift some of the roof tiles to fix the anchors to the rafters in the loft. This will give the solar panel mounts a stable foundation, and will make sure they don't get damaged in stormy weather. Once the roof anchors have been fixed to the property, the installer will attach the solar panel mounting system to them.

Do I need an electrician to install solar panels?

Note: If you are not familiar with electrical wiring procedures, seek the help of a solar panel professional or electrician. However, there is a lot you can do yourself to install solar panels and a solar array so that you would need the electrician only for the wiring parts of the project.

Are integrated solar panels easy to install?

Integrated solar panels are easy to install. In new-build projects, they are attached to the roofing battens, and then tiles are laid around them, reducing the time spent on laying roof tiles as the solar panel acts as the roof covering.

How much does it cost to install solar panels?

For a 2,000 square foot home, expect solar installation to run from \$10,000 – \$20,000. Other factors affect pricing, such as the size of the system, demand, etc. Some installations may be less expensive. What are the dangers of installing solar panels?

Installation of photovoltaic panel equipment
