

## Solar Energy South Africa

# Is it illegal to purchase stolen photovoltaic panels

## Overview

---

### Are solar panels stolen?

Several instances of solar panel theft have been reported, including an incident at Gateshead International stadium as well as a larger incident in 2021 in which 221 solar panels were stolen from a solar farm. Solar panel theft is the primary issue, although some landowners report that it isn't just the panels themselves that are stolen.

### Are solar panels causing a rise in solar crime?

A rise in solar crime means eco-conscious homeowners and farmers who have diversified into renewables should check their security and insurance. The warning comes after police figures revealed a 48 per cent rise in solar panel and cabling theft from 2021 to 2022.<sup>1</sup>.

### Are solar PV projects causing theft and vandalism?

The capital costs of solar PV projects can be enormous, running up into millions of dollars and with parks taking years to realise. Given this, developers want to make the most out of their investment but an increasing practice is threatening this return: theft and vandalism of solar technology.

### How much does a solar theft cost?

Strecke says European solar thefts typically cause €60,000 (\$63,900) of damage, when repairs and loss of business are factored in. "Solar crime is on the increase," says Rachael Oakley, director of crime intelligence at Telford-based DeterTech, formally known as SmartWater Group thanks to its product-marking technology.

### How much money is stolen from a solar project?

In the UK alone, for example, a 2019 heist saw more than £900,000 (US\$1 million) of solar modules stolen from a project, while project security company SafeSite Facilities (SSF) estimates that organised crime in relation to solar

projects is on the rise.

Are solar panels safe?

One of the challenges is that, although solar panels are now more prevalent than ever, they are also valuable and exposed to criminal theft and damage. It can be difficult to safeguard large outdoor spaces or implement around-the-clock security, but several solutions are available.
