Is there any scam in installing photovoltaic panels in rural areas

ESS

Overview

Is going solar a scam?

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Here's how to steer clear of the scams: Do some research.

Are solar panels a scam or a cold call?

Here are the cold calls and potential scams to avoid. More than a third of solar PV panel owners in our recent survey told us they have been cold called about their panels in the past five years. Most cold callers were trying to sell them something unnecessary, but a few owners were told something completely untrue.

Are free solar panels a scam?

Emails offering cheap solar panels or appearing to be backed by a Government scheme could also be scammers, taking you to an seemingly-official website offering free or cheap installation. These incredible deals rarely exist, so approach these with caution to avoid wasting your time. 3. Free solar panel online ads.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways 'fake' solar companies have targeted consumers – whereby they take a hefty deposit and then never turn up to carry out the installation. This is common solar scam.

Are photovoltaic solar panels safe?

The risks associated with the use of renewables are often overlooked and this poses serious problems for insurers. However, we are keen to support our customers and to provide guidance on how photovoltaic solar panel systems

can be installed and used safely.

Do you have a problem with your solar panel?

In fact, solar panel problems are quite rare: nearly seven in 10 owners in our survey told us they had never had a technical problem with their solar PV system. Your solar panel installer should have told you how to check that your system is working correctly, and any maintenance you might need over the years.
