Jackery e100 plus United States

Overview

What is a Jackery explorer 100 plus?

The Explorer 100 Plus, the smallest product in Jackery's lineup, can power most small 3C devices, such as smartphones, iPads, and MacBook Airs. The Explorer 100 Plus features a LiFePO4 battery capable of lasting 2000 cycles while retaining 80% of its capacity, even when charged daily.

What is a Jackery explorer 100 plus portable power station?

With the Jackery Explorer 100 Plus Portable Power Station, you'll have infinite power for all your outdoor adventures. Weighing only 2.1 lbs, the Jackery Explorer 100 Plus Portable Power Station is incredibly lightweight, making it perfect for charging your portable devices. Its one-button start ensures easy operation. Easy to use.

What battery does the Jackery explorer 100 plus have?

The Jackery Explorer 100 Plus features a LiFePO4 battery capable of lasting 2,000 cycles while retaining 80% of its capacity. Weighing a mere 965 grams, it places portable power right in the palm of your hand. The Explorer 100 Plus is a portable power station with a 99 Wh capacity.

What is a Jackery 100 plus?

The Jackery 100 Plus in dune white, your ultimate companion for outdoor adventures! With its unique sand gold design, this power bank is not only fashionable but also durable, ensuring you stay powered up whether you're in the city or out in the wild.

Can the E100 plus charge a portable O2 machine?

Given that portable O2 machine typically require between 300 to 600 watts of power to operate, the E100 Plus would not be able to charge such a device effectively. For your portable O2 machine, we would recommend considering a power station with a higher capacity to ensure compatibility and sufficient

power supply.
