

Solar Energy South Africa

Jetion solar europe ltd Costa Rica

Overview

Who is Jetion Solar?

Jetion Solar (Europe) Ltd is its European branch, in charge of sales and distribution in Europe, which also operates a 15MW-capacity warehouse located in Germany and Holland, that proves to be a valuable plus in terms of just-in-time deliveries, smaller orders' consignments and flexible after-sale service.

Where are Jetion Solar cells manufactured?

In response to the world-wide growth in solar power Jetion has imported industry leading manufacturing equipment from Germany, Italy and the United States and currently boasts four state-of-the-art solar cell production lines.

Why should you choose Jetion Solar?

Since its foundation in 2004, Jetion Solar has accomplished significant achievements which outpaced most of our main competitors in terms of production capacity and in the number of innovations. Jetion Solar upholds its belief that innovation is the key driver behind advancement by pursuing new technologies and higher efficiencies.

Is Jetion ready for expansion?

Jetion is well placed for future expansion with over 1million square feet of land (including manufacturing, office and warehouse space).

Innovation-Jetion Solar (China) Co., Ltd.

Industry Leading PERC+ Cell Technology Based
on large size Si-wafer with low oxygen content
and defects, Jetion Solar R& D team applies self-
developed core patented cell technologies, such
like passivation contact, multiple light utilization
and metallization printing technology, etc., and
successfully realized mass production of cell
efficiency with more than 23.00%.
