Jordan

Jordan is a very sunny country with over 310 days of sunshine a year. In recent years, market reforms and legislative frameworks have stimulated large solar and wind capacity additions at favourable prices. Such developments, in addition to a strong commitment by the government, place the country on track to meet or exceed its target of 20%

[Jordan Solar and Energy Storage Project](#)

Jordan BC Solar Project Limited Partnership, a subsidiary of Recurrent Energy, is developing the Jordan Solar and Energy Storage Project (Project), an approximately 100 MW solar and up to 400 MWh energy storage facility on Vancouver Island in British Columbia. The Project will be

located on approximately 235 hectares.
