Will Mitsubishi Power support Kuwait's growing power needs?

Mitsubishi Power has won a major ministerial contract that will support Kuwait's growing power needs with a more reliable grid. The company - the power solutions brand of Mitsubishi Heavy Industries - on Monday announced it would be consortium leader to work on the optimisation and rehabilitation of eight units at Az-Zour South Power Station.

Why should Kuwait continue to support a low carbon society?

As Kuwait embarks on its next phase of ambitious growth in line with Vision 2035, we are committed to continue supporting the Ministry in expanding its power infrastructure and steering its transition towards a low carbon society," said Khalid Salem, President of Middle East & North Africa, Mitsubishi Power.

What is Mitsubishi Power doing to reduce emissions in Kuwait?

Mitsubishi Power is also providing advanced environmental improvement technology solutions aiming at reducing nitrogen oxide (NOx) and Particulate Matter (PM) emissions, which aligns with the Kuwait Environmental Public Authority (KEPA) goals for emission reduction in the country.

What is Kuwait's Energy Transition Initiative?

This initiative is pivotal to the country's energy sector, marking a significant step towards transitioning to a more efficient and environmentally friendly power generation fleet, in line with Kuwait's goals for a decarbonized energy future.
