

Solar Energy South Africa

Malawi sunkings solar system

Overview

How many people does Sun King Power?

To date, Sun King has powered the lives of 82 million people across 40 countries. The company's solar home systems power lights, mobile phones, radios, and larger home appliances.

Why should you choose Sun King solar?

From cost-effective solar lanterns and home systems that provide entry-level access to electricity to powerful, multi-kilowatt-scale solar systems that offer power equity with the traditional electrical grid, Sun King's products meet diverse power and light needs across Africa and Asia. Solar to meet every need. Find the best option for you.

Why did Sun King get a \$260 million investment?

As a result of Sun King's growth, the company has eliminated 22 million tons of carbon dioxide emissions while saving consumers \$4.4 billion in energy costs. The \$260 million financing includes \$100 million in primary investment for Sun King's continued expansion. Sun King's founders retain voting control of the board.

Is Sun King a good solar company?

Sun King now accounts for 38% of total industry-wide PAYG solar revenue according to the latest data collected by GOGLA, the global association for the off-grid solar energy industry. As a result of Sun King's growth, the company has eliminated 22 million tons of carbon dioxide emissions while saving consumers \$4.4 billion in energy costs.

Is Sun King a good investment for off-grid solar?

"This investment in Sun King marks an incredible inflection point for the global off-grid solar industry," said T. Patrick Walsh, co-founder, and CEO of Sun King.

What does Sun King do?

Sun King is helping to lead a transformation in how electricity is provided across Africa and Asia, where 1.8 billion people still lack access to a reliable electrical grid. To date, Sun King has powered the lives of 82 million people across 40 countries.

Can PAYG kick-start Malawi's solar revolution? , SolarAid

A thriving solar market has yet to materialise in Malawi, where private solar companies simply won't go. But as our entry-level PAYG pilot shows, the need is there we just need to start at the bottom of the energy ladder and work our way up gradually. The Waterloo's Foundation's support has also funded second PAYG pilot for
