Marshall Islands coral island solar panel

Overview

Here's how to get and use solar panels on your playthrough. You'll have to reach Diving Level 7 to unlock the crafting recipe for solar panels in Coral Island.

Marshall Islands coral island solar panel

Solar fragment

Solar fragment is a resource found in the ocean used for crafting. Solar fragments can be collected by clearing trash piles with a scythe and breaking underwater rocks with a pickaxe. Solar fragment is a daily loot item from the Cave of Memories. No altar needs solar fragment. There are no quests item that currently need this item.

Marshall Islands

The solar system will save 236,000 litres of diesel imports and will offset some 652 tons of carbon generation per annum. In August 2016, Sunergise announced the launch of an innovative solar power generation plant designed to collect BOTH rainwater and solar energy for the people of Majuro in The Republic of Marshall Islands.

Marshall Islands , Global Sustainable Energy Islands Initiative

The government of the Marshall Islands has implemented extensive solar energy projects to electrify homes, workplaces and other facilities. These projects have assisted the Marshall Islands in becoming a formidable power in the effort to utilize ...

Some BUGS I found in the game :: Coral Island General

Discussions

1. You can't get eggs that spawn near the entrance of the coop. it seems like the location of exit point (event exit) became too big, previously this was not an issue 2. When letting cows go outside, they get stuck at the entrance and you won't be able to let them in as well. 3. When exiting greenhouse you will fall into the void (out of screen/map) and get teleported at ...
