

## Solar Energy South Africa

# Mayotte angile energy

## Overview

---

The energy sector in is mainly oriented towards the consumption of electricity based on fossil fuels; renewable energies are currently underdeveloped for the moment, and there is no export of fossil fuels. Electricity in Mayotte in 2015 was 95% thermal sources and 5% renewable energy. The multi-year energy program sets a target of 30% renewable energi.

Is Mayotte a good place to get electricity?

Electricity in Mayotte in 2015 was 95% thermal sources and 5% renewable energy. The multi-year energy program sets a target of 30% renewable energies in final consumption in 2020. Electricity needs are growing strongly due to the growth of Mayotte and its population, as well as the increase in electricity.

Is Mayotte a poor place?

Located about 5,000 miles from Paris, Mayotte is the poorest place in the European Union and has long struggled with poverty, unemployment, social unrest and water shortages. Over 100,000 undocumented migrants live in Mayotte, according to France's Interior Ministry.

How much of Mayotte is unreachable?

About two thirds of the island is currently unreachable, Estelle Yousouffa, member of parliament for the first constituency of Mayotte told BMFTV. "We must not confuse the villages that are cut off from communication ( . ) and the shanty towns, where there is very little chance of there being survivors. Everything has been razed," Yousouffa said.

Why did Mayotte suffer a cyclone?

Mayotte was already struggling with overcrowding, illness and poverty before a devastating cyclone hit the French island territory at the weekend.

Will cyclone Chido hit Mayotte?

Cyclone Chido, a category 4 storm, tore through the southwestern Indian

Ocean over the weekend, impacting northern Madagascar before rapidly intensifying and slamming Mayotte with winds above 220 kilometers per hour (136 miles per hour), according to France's weather service.
