New shore power contract to Havnekraft. - PSW Power

This is the second shore power system PSW Power & Automation delivers to Havnekraft. The delivery includes the design and commissioning of a shore power system with total capacity of up to 4.8 MVA. The delivery is a turnkey contract including on site electrical infrastructure. We will design and manufacture the module-based shore power units

PSW Power & Automation, Westgass Hydrogen, CCB and H2P ...

PSW Power & Automation, Westgass Hydrogen, CCB and H2P have partnered to deliver shore-power fueled by clean hydrogen A Norwegian consortium comprised by four local players, PSW Power & Automation, Westgass Hydrogen, CCB and H2 Production, has been established to provide a high-capacity hydrogen-based shore power solution to the maritime sector.

PSW Power & Automation's battery pack stabilises power grids

PSW Power & Automation delivers a battery pack for use in large-scale energy storage, stabilising the power grid and reducing reliance on fossil fuels. "Large scale modular battery packs is the next big step for the grid in Scandinavia and Europe in general," says Jens Hjortset, Business Development Manager at PSW Power & Automation.
