Renewable energy, foreign money keeping the lights on in Nicaragua

The expansion of renewable energy in Nicaragua has been led by foreign companies. The energy sector ranks among Nicaragua's top five sectors receiving foreign investment, Sanchez said. "A government priority" Nearly \$1.1 billion of foreign investment went into Nicaragua's energy sector between 2007 and 2013, according to ProNicaragua.

Nicaragua Energy Situation

Other private thermal power stations are CENSA-AMFELS, Tipitapa power company and ENRON with the following effective capacities: 24 MW, 50.9 MW and 50 MW, respectively. Currently all geothermal and biomass power stations are private owned. Geothermal power plants include ORMAT (22 MW), Polaris Energy Nicaragua (4.8 MW) and GESARSA (4.2 MW).
