Named Norway's fastest-growing tech company in 2023, Pixii AS has developed a fully integrated, modular and scalable technology which enables homes and businesses to make the most of existing or new solar installations, along with applications like fast EV charging. Beyond reducing energy costs, Pixii's solutions enable building owners to

PowerShaper XD

The Pixii PowerShaper XD, is a fully integrated IP55 modular energy storage system designed for easy deployment, high energy density, low noise stand alone or grid connected power. Explore how skid-based EV charging solutions integrate Battery Energy Storage Systems (BESS) and Energy Management Systems (EMS) to overcome weak or ...

Modular Energy Solution

Modular Energy Solution. we are committed to delivering solutions that have a positive impact on people and the environment. From our lightweight, portable solar panels to our fiberglass modular construction panels, our proven solutions can be customized for any project, even the harshest conditions and remote locations.

Institutional Solutions

Our solar panels offer a sustainable and renewable source of energy, significantly reducing reliance on traditional power sources, while decreasing carbon emissions. Modular building with solar panels are a dynamic duo for cost savings. Our buildings are much more energy efficient, and allows for cost savings on energy bills.
