Solar Energy Solutions

At Sunny Side Solar we are dedicated to helping homeowners harness the power of sun to protect themselves from future electricity rate increases. As industry leaders in solar installation, we specialize in tailoring solar solutions that match your specific needs and budget.

Sky Ranch Solar begins producing energy at solar farm

The power generated at the 1,600-acre Sky Ranch Solar Energy Center on the far northern edge of the city of Belen will hit this PNM substation before being carried onto the grid. Then, as per a 2021 PRC approved proposal between PNM and Greater Kudu, a subsidiary of Facebook, it will be sent to the data center in Los Lunas.

eEquals Solar: Premier Solar Panel Installation in Illinois

Solar energy systems produce electricity without emitting harmful pollutants, promoting better air quality. In addition, solar panel systems can be paired with solar batteries to store excess energy and ensure you have access to a continuous power supply. At eEquals, our solar panel installer team will provide you with the support you need to

U.S. Energy Information

Administration

The Commonwealth of the Northern Mariana Islands (CNMI) meets nearly all of its energy needs with imported petroleum products. In 2021, refined petroleum products were CNMI's top import and accounted for 18% of the Commonwealth's total import costs that year. The CNMI Office of Planning and Development has received proposals for several
