Battery maker Northvolt makes progress toward longer-term ...

7 ????· NEW YORK (Reuters) - Swedish electric-vehicle battery maker Northvolt said on Friday it expects to line up additional bankruptcy financing by late January after engaging with over 100 lenders and potential investors. Northvolt entered bankruptcy on Nov. 21 with a \$100-million bankruptcy loan from Swedish truck maker Scania, a shareholder and its biggest ...

Peter Carlsson steps aside as CEO of Northvolt , Northvolt

Peter Carlsson has led Northvolt since its inception in 2016. He co-founded Northvolt with the mission to drive sustainable energy solutions through the creation of a pioneer in European battery production. Northvolt Ett is the first truly European battery gigafactory delivering to customers at large scale.

Northvolt's Collapse: CEO steps down amid chapter 11 filing, \$5.8

Northvolt's CEO and co-founder Peter Carlsson stepped down on Friday, just a day after the company filed for U.S. Chapter 11 bankruptcy protection, according to a report from Reuters. The move marks a dramatic turn for what was once Europe's leading hope in the electric vehicle battery sector. The news comes as a shock, especially

After Northvolt, Europe's battery hopes rely heavily on China

20 ????. Northvolt's collapse was a blow to Europe's battery industry; Future growth may depend on Chinese investment and know-how; Joint ventures with Chinese battery makers could become the norm

What Northvolt's bankruptcy means for Europe's battery ambitions

Northvolt aimed to mimic the success of legacy battery makers like LG and Samsung, who have already begun standing up battery production in Europe on a short timeline and within budget. But those companies, Jaffe said, have been able to achieve high production rates, even in new facilities, based largely on having experience in established markets.
