POWER STATION ENERGY STORAGE SYSTEM

Overview

What is hithium 'heroes'?

The installation-free home microgrid system, HeroES, will open up a new world of all-scenario home energy storage, bringing smart and linked home microgrids to billions of families. On December 12th, 2024, Hithium launched HeroES, its first installation-free home microgrid system at the second Hithium Eco-Day in Beijing, China.

When did hithium launch Heroes?

BEIJING, Dec. 20, 2024 /PRNewswire/ -- On December 12th, 2024, Hithium launched HeroES, its first installation-free home microgrid system at the second Hithium Eco-Day in Beijing, China.

What are hithium's new energy storage products?

Chinese energy storage specialist Hithium has used its annual Eco Day event to unveil a trio of innovative products: a 6.25MWh lithium-ion battery energy storage system (BESS), a specialized sodium-ion battery for utility-scale energy storage, and an installation-free home microgrid system.

When will hithium cell n162ah be available?

The ∞Cell N162Ah is now available for global sampling, with GWh mass production planned for Q4 2025. Hithium also launched HeroES, its first installation-free home microgrid system. The consists of a smart storage module (Storage series) and a smart control module (SynergyBox).

Does hithium have a microgrid?

Hithium also launched HeroES, its first installation-free home microgrid system. The consists of a smart storage module (Storage series) and a smart control module (SynergyBox). The plug-and-play system requires only 30 minutes to install.

What is hithium energy storage?

HiTHIUM's first 6.25MWh Energy Storage Solution tailored for the North American market and the 4-hour long-duration energy storage application scenarios, providing localized solutions for the global market. With its ultra-large capacity in the ampere-hour range, it is specifically developed for the 4-8 hour long-duration energy storage market.
